

Made For Nail Salons

Free for Nail Salons | No Contracts | No Software

Our team has years of experience in technology and marketing, and our award-winning app is a delight for customers who want to book manicures on their smartphone. Many of us are kids of nail salon owners, so we know how tight money can be. That's why HellaBella is 100% free for nail salons.

Google & Internet Experts

We're experts in Google and apps, and we're on our way to being the first result on Google searches for nail salons like yours. Being at the top means we can be above Yelp and Groupon. When you join HellaBella for free, you get a website made for you, and an easy-to-recommend app your customers will love.

No Contracts, No Feed

We don't like contracts. They're never in your favor. That's why we don't have contracts, and we don't believe in locking you in to using only our service. We also don't take a cut from you, so when a customer books a service for \$25, you get all \$25.

No Software

Many of the booking services require you to have a laptop or a tablet open at all times. With HellaBella, you can keep your appointment book where it is. We'll text you new appointments, and you can easily accept or recommend another time.

How It Works

No Software To Learn, Keep 100% Of Your Revenue

Customers search on sites like Google and see your HellaBella listing at the top.

They review your menu, then pick their services and the time they plan on arriving.

They pay and tip (default 20%) using a credit card or Apple Pay.

You instantly get paid for the service, and receive a text message with the details of the booking. You can get paid with a Visa Debit card you swipe, by Venmo, or ACH.

The customer arrives, you confirm their services, and begin. When they're finished, they get up and go!

Customer Love

Your Customers Will Love HellaBella, Too

“Amazing!! So easy. No stress paying and tip, which is PERFECT for after Monday work-day! Thank you so much.”

– **Kate, New York City**

“I usually don’t provide feedback or do this sort of thing but I did want to make sure to reach out and say that I think this is a wonderful idea and think it will go far.”

– **Sara, New York City**

“YOU GUYS ARE THE BEST. We chatted with lots of people in the salon last night about it too and got them to download the app.”

– **Emily, New York City**

“I think that the app is really well designed and it seems to be frictionless to me.”

– **Regan, New York City**
